Subject: Re: GiveSendGo

Hi Juan,

Circling back re: GiveSendGo.

We confirm that we are currently processing for the "Freedom Convoy 2022" campaign on GiveSendGo. On February 14, we informed the Financial Crimes and Legal teams at Wells Fargo (Lester Joseph, Maureen O'Connor, Jenna Welton, Colleen Donnelly, and James Chang) of this processing activity.

In order to maintain consistency in communication on the topic, I will ofc defer to the WF <> Stripe of folks engaged more deeply on the topic where we have an open line of Legal / FC engagement. Of course, if you feel it helpful or necessary, we'd be happy to coordinate a call with the parties involved to help answer any additional questions you may have.

CVW

Hi Juan -

Apologies for delay here as I was out of pocket for long weekend. We have been on top of this concern with our Canadian bank partners where GiveSendGo is directly in the flow. We've an incident channel going 24/7 including weekends atm.

The team is confirming for WF specifically and I will circle back tomorrow AM.

Hello Chris,

I'm reaching to discuss a possible urgent matter on a merchant that might be transacting in Stripe's portfolio. Recently there has been much media, as well as local authority attention on a company by the name of GiveSendGo and their "Freedom 2022 Human Rights and Freedom Association" campaign. They had

previously showed up in our files, but they seem to have possibly been moved to an aggregated mid. Can you please check on this and confirm if this merchant is no longer in the Wells ecosystem?

Thanks,

Juan Medina
